**About aortic**

The African Organisation for Research and Training in Cancer (AORTIC) is an Africa-based organisation with members from throughout Africa and the international cancer community. Our objectives are to support, integrate, and facilitate evidence-based interventions and innovative programmes towards the prevention and control of cancer in Africa.

One way in which AORTIC achieves this is by hosting its biennial cancer conferences in various African countries so as to raise awareness, build capacity, and create an impact in those regions. In addition, AORTIC hosts Regional & Research Specific Conferences and Webinars.

These conferences have become the definitive event on the African health calendar, enabling the exchange of ideas and the opportunity to meet oncology leaders from all over the world.

**About the cancer genomics conference**

The African Organisation for Research and Training in Cancer (AORTIC) will be holding its Inaugural Cancer Genomics Conference on 18 & 19 February 2021.

The virtual conference will be convened under the theme “African Genomic Diversity: A Roadmap to Global Equity in Cancer Control”.

The 2-day Cancer Genomics in Africa Conference to address basic science and clinical research on cancer genomics and genetics research relevant to Africa and people of African descent in the diaspora. This will include the following topics:

- Ethics
- Data Management
- Diagnostic Applications
- Cancer Genomics of African Ancestry
Sponsorship opportunities

**Sponsor junior attendees from Africa registration fees: $200**
Educational grants are important for the success of the conference and to continue AORTIC’s work on cancer control in Africa.

**Advertising at session break during conference: $2,000**
The 15-minute session break will give sponsors the unique opportunity to market to all participants. Session break sponsors will have their logo displayed and the opportunity to play a 5-min video during the supported 15-minute refreshment break.

**Advert on cancer genomics conference webpage: $5,000**
Opportunity to have your company logo & 150-word profile displayed on the Cancer Genomics conference webpage.

**Advert in abstract publication: $2,500**
All abstracts will be published in PDF format on the conference website which offers the opportunity to place a 1-page advertisement in the abstract publication.
